ACADEMIC EMPLOYMENT AND POSITIONS

Tenure-track: 2010— Assistant Professor, [Cognitive Science](#), Johns Hopkins University

Short-term: Jul 2017 (upcoming) Instructor at European Summer School in Logic, Language and Information ([ESSLLI 2017](#))

Jul 2016 Instructor at North American Summer School in Logic, Language and Information ([NASSLLI 2016](#))

Jul 2014 Senior member, Probabilistic Representations of Linguistic Meaning ([PRELIM](#)) research group, 2014 Frederick Jelinek Memorial Workshop on Meaning Representations in Language and Speech Processing, Charles University.

2008–2010 Visiting Assistant Professor, Cognitive Science, Johns Hopkins University

EDUCATION

2003–2008 University of California, Santa Cruz
 Ph.D., Linguistics
 Dissertation title: *(Un)conditionals: an investigation in the syntax and semantics of conditional structures* ([download link](#))
 Committee: Donka Farkas (chair), Sandra Chung, William Ladusaw
 March 2006: MA

1998–2003 University of Massachusetts, Amherst
 May 2003: B.A. in Linguistics, Departmental Honors
 Honors Thesis: *A Study in Some Adverb Denotations*.
 Committee: Angelika Kratzer and Barbara Partee.
 May 2003: B.S. in Computer Science, Commonwealth Honors

GRANT SUPPORT AND INVOLVEMENT

DARPA Information Innovation Office, LORELEI program (Low Resource Languages for Emergent Incidents, DARPA-BAA-15-04): *Low resource event understanding*. Ben Van Durme, PI; **Kyle Rawlins**, co-PI. Phase 1 funding (2015-2017), \$495,716. Phase 2/3: \$523,059 total (2017-2019).

NSF-INSPIRE (Integrated NSF Support Promoting Interdisciplinary Research and Education program, Track 1): *Gradient Symbolic Computation*. Paul Smolensky, PI; Geraldine Legendre, Benjamin Van Durme, Akira Omaki, **Kyle Rawlins**, Colin Wilson, co-PIs. NSF BCS-1344269. 9/2013-2/2018. Total amount: approx. \$1,000,000.

Mentor (together with Ben Van Durme) for a 2-year [postdoctoral fellowship \(2015-17\)](#) to Aaron Steven White from the JHU Science of Learning Institute.

External collaborator on DFG-funded Forschergruppe 1614, ‘What if? On the epistemological, pragmatic, psychological, and cultural significance of counterfactual thinking’, P8: *Conditionals and discourse*, University of Konstanz. María Biezma, PI, 2015-18.

External collaborator on DFG-funded Forschergruppe 2111, ‘Questions at the interfaces’, P2: *Word Order Variation in Wh-Questions: Evidence from Romance*, University of Konstanz, María Biezma and Georg Kaiser, PIs, 2016-19.

SYSTEMS AND RESOURCES

MegaAttitude data set 1.0

Released as part of White and Rawlins 2016 SALT paper: large-scale annotations of selectional behavior for approximately 1000 clause-embedding verbs of English.

<https://github.com/aaronstevenwhite/MegaAttitudeProject>

PropBank Annotated Proto-roles data set

SPR v1.0: Released as part of the Reisinger et al 2015 TACL paper: standoff annotations for approximately 12000 argument spans from 7000 sentences of PropBank, covering a comprehensive set of property judgments related to fine-grained properties of thematic roles.

<http://decomp.net/semantic-proto-roles/>

SPR v2.0: Released as part of White et al 2016 EMNLP paper. Proto-role annotations over universal dependencies.

IPython Lambda Notebook: a system for digital fragments

This project is an ongoing framework for linguists to develop and investigate computational implementations of formal semantic theories, bringing together the classical 'method of fragments' due to Montague with modern (logical) computational semantics.

ADVISING

Current Ph.D. students: Emory Davis (co-advised with Barbara Landau), Matthias Lalisce (co-advised with Paul Smolensky), Drew Reisinger, Sadhwi Srinivas (co-advised with Barbara Landau, Colin Wilson), Karen Clothier (co-advised with Barbara Landau).

Past Ph.D. students in Cognitive Science:

Kristen Johannes, Ph.D 2015, *Geometric and functional knowledge in the acquisition of spatial language*
Co-advised with Barbara Landau and Colin Wilson.
Current position: STEM Research Associate, WestEd.

Charley Beller, Ph.D 2013, *Anaphoric descriptions.*
Current position: NLP Scientist / Senior Consultant, IBM (Watson).

Lilia Rissman, Ph.D 2013, *Event participant representations and the instrumental role: a cross-linguistic study.*
Co-advised with Barbara Landau.
Current position: Postdoctoral fellow, University of Chicago, Psychology Department.

Ozge Gurcanli (Fischer-Buam), Ph.D 2013, *Development of lexical and syntactic representations: the acquisition of symmetrical and asymmetrical verbs.*
Co-advised with Barbara Landau, Colin Wilson.
Current position: Lecturer, Rice University, Psychology Department.

Erian Zaroukian, Ph.D 2013, *Quantification and (un)certainty.*
Current position: Postdoctoral researcher, US Army Research Lab.

Monica Lopez-Gonzalez, Ph.D 2010, *'Ser' and 'estar': their syntax, semantics, pragmatics, and acquisition in Mexican Spanish.*
Co-advised with Geraldine Legendre.
Current position: Adjunct Faculty Dept of Musicology Peabody Conservatory and Dept of Psychology Maryland Institute College of Art. Co-founder, Scientific & Artistic Director, La Petite Noiseuse Productions.

Dissertation committees (GBOs) as outside member: Jeff Maynes (Philosophy, Ph.D. 2012). Jonathan Hricko (Philosophy, Ph.D. 2013).

Non-dissertation Graduate Board Orals (GBO) committees (excluding alternate positions): Frank Ferraro (Computer Science, 2014), Xuchen Yao (Computer Science, 2013), Jonathan Weese (Computer Science, 2013), Juri Ganetkevich (Computer Science, 2012), Ben Tamber-Rosenau (Psychology, 2010), Houlang Zhou (Electrical Engineering, 2009), Elliott Drabek (Computer Science, 2008)

TEACHING EXPERIENCE

July 2017 (accepted): *Computational Lexical Semantics*, co-taught with Aaron Steven White, at the European Summer School on Logic, Language and Information (ESSLLI).

July 2016: *Modeling Questions and Responses in Discourse* at the North American Summer School on Logic, Language and Information (NASSLLI).

Regular academic teaching:

- Spring 2017 Language and Advertising
- (Upcoming) Event semantics in theory and practice (with Ben Van Durme; EN.600.625, listed in both CogSci and CS, graduate)
- Fall 2016 Semantics 1
- Spring 2016 Mathematical models of language
Seminar on computational pragmatics (with Ben Van Durme)
- Fall 2015 Semantics 1
Seminar on computational lexical semantics (graduate, cross-listed in CS; with Ben Van Durme and Aaron White)
- Spring 2015 Language and Advertising
Seminar on computational implementations of semantic theory (graduate)
- Fall 2014 Semantics 1 (graduate & undergraduate)
- Spring 2014 Sabbatical
- Fall 2013 Semantics 2 (graduate & undergraduate)
Event semantics in theory and practice (with Ben Van Durme; EN.600.625)
- Spring 2013 Formal methods in CogSci: Language (graduate & undergraduate)
- Fall 2012 Semantics 1 (graduate & undergraduate)
Seminar on Experimental Linguistics (with Akira Omaki)
- Spring 2012 Language and Advertising (undergraduate)
Seminar on distributional semantics (with Ben Van Durme, Computer Science)
- Fall 2011 Semantics 1 (graduate & undergraduate)
Seminar on Projective Meanings (with Geraldine Legendre)
- Fall 2010 Semantics 2 (graduate)
Formal methods in CogSci: Language (graduate & undergraduate)
- Spring 2010 Language and Advertising
- Fall 2009 Semantics I (graduate & undergraduate)
- Spring 2009 Seminar on the syntax and semantics of modification (graduate)
- Fall 2008 Semantics I (graduate)
Formal Methods in CogSci: Language (graduate & undergraduate)
- Summer 2007 Semantics 1 (at UCSC)
- 2004-2007 Various TAs at UCSC: Semantics 1, Semantics 2, Syntax 1, etc.

In addition, many semesters I run a graduate research seminar on current work in semantics/pragmatics.
